

Re: Plantation Island Resort Developments Update

October 2024

With many exciting developments underway at Plantation Island Resort, we thought it timely to update you on what's happening.

RECENT COMPLETED DEVELOPMENTS

BOWL – Now Open

Plantation Island Resort's newest dining outlet 'BOWL' has just opened this month. This poke bowl style healthy takeaway dining option draws from the traditional Hawaiian poke bowl concept but with a Fijian twist. Bursting with flavour, fun to eat and full of healthy ingredients, if you love keeping it real and eating healthy while staying cool by the pool, then this on trend eatery is sure to impress.

Open daily 11am-5pm

New Menu at Tavola Restaurant & Bar

We are delighted to launch a new menu at Tavola Restaurant & Bar. Offering delicious salads, pizzas, pastas, curries, burgers, parmigiana and grilled meats, as well as new cocktails, there is something for all appetites.

Gluten Free, Vegetarian and Vegan are catered for also, just advise your clients to speak to our chefs if they have any special requirements. Just a reminder - **Kids Eat Free:** All kids aged 0-11 years eat free from the kids combo menu including a dessert and drink.

FUTHER DEVELOPMENTS

Spa

Embark on a journey of tranquility with Plantation Island Resort's latest gem: our brand-new spa opening early 2025. Offering six treatment rooms with new products and services designed by Debra Sandrau of Senikai Spas, you will be able to relax to the soothing touch of our expert therapists and indulge in rejuvenating treatments and wellness experiences. Rediscover bliss at Plantation Island Resort's Senibua Spa.

Our massage services have relocated temporarily to room 226 (near Bula Bikes). Relaxing indoor and beach massages are still offered.

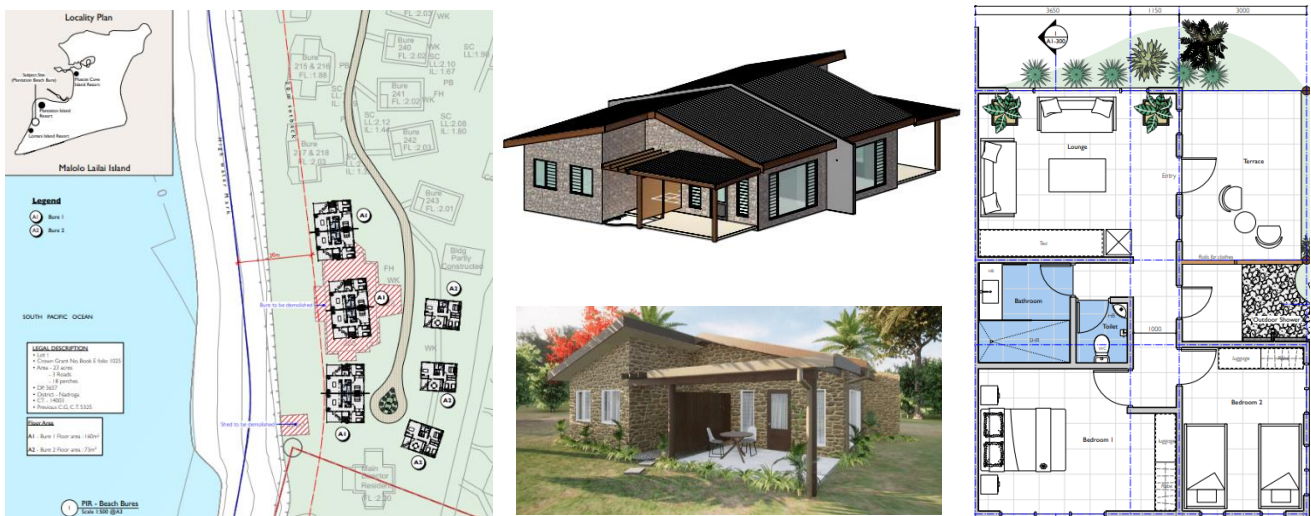

New Bures

Location: Lomani end of Plantation Island Resort

Timeframe: Completed March 2025

Development: Work will take place 8am-5pm daily, with noise kept to a minimum

Due to increased demand, Plantation Island Resort is adding six new Beachfront Bures and three new Two Bedroom Garden Bures to the room inventory. The new bures include two separate bedrooms, and a lounge area and are built with the same aesthetics as the existing bures, blending comfort and space with island charm. Located just a few steps from the pristine beach, the Beachfront Bures will also include an outdoor shower and a patio to admire the sparkling lagoon and sunsets.

Relocated Wedding Bure

The development of the new Bures included demolition of the old Wedding Bure.

A new Wedding Bure has been built on Marau Island (Tavola end of the resort), where both the ceremony and reception can be held in the same private location.

Weddings at Plantation Island Resort are now celebrated in a unique 'an island on an island' location, with a stunning lagoon backdrop and surrounded 350 degrees by the turquoise blue lagoon.
