F.A.Q. TE TIARE POOL REPAIR WORKS

Why carry out these works now?

These repair works are essential to maintain and improve our infrastructure. We had to conduct these works quickly to fix a maintenance issue.

What areas that will be impacted ? When will they take place?

The entire pool area of Te Tiare Restaurant will be impacted. Works will take place from 3rd February until the end of September 2025, Monday to Friday, 8.30 am to 4 pm.

Will I be disturbed by the noise?

Some works may be noisy, particularly around the Te Tiare swimming pool and to a lesser extent in areas such as the lobby, but less exposed areas will be redesigned for your comfort.

Will service times be impacted ?
